

Husam Abdel Hafeed

Software Engineer

About Me

Hi, My name is Husam, I Work as Full stack Developer, my journey has begin when i was at my second year in University, i start learning all the materials that i need to become a Front-end developer, then i decided that i need to improve myself to increase my knowledge so i decided i need to learn how to create websites with full functional requirements which provide me with all the knowledge i need to continue my goals, i recently decided that i need to keep up with all the technologies so i wanted to learn UI & UX Designs which made my work become more efficient and increase my productivity in my work

i have been working in IT field for 4 years and i am ready to learn more.
